Even though some of the NIO's are arranging their own visits to NSA, would still like you to arrange a routine, quarterly opportunity to roll out the NSA red carpet. The intent would be to offer to the NIO's and senior NIC analysts the Command briefing, NSOC/DEFSMAC tours and meetings with their counterpart SINIO's.

As a second assist, it would be good if you could rei-sue the list of SINIO's. We also need to reissue the NIO list and I will ensure that you get.

Thanks.
